Career Exploration Tools

SchooLinks can be used to explore your interests and suggest possible careers.

SchooLinks

1. Open your SchooLinks account.
2. Choose "Explore" on the left and click.
3. Select "Assessments" and click.
4. The best career (or career cluster) interest assessments are "Find Your Path", "Would You Rather", "Brain Flex", and "Top Skills". You can retake any assessment, and your results will be recorded under "Past Results".

SchooLinks also has a budgeting tool that allows you to explore how various career paths, education choices, and lifestyle decisions can impact your financial future.

1. Open your SchooLinks account.
2. Choose "Explore " on the left and click.
3. Select "Game of Life" and click. On this screen, click "Start New Scenario".
4. Answer the questions in each category.
5. You can remake a new scenario as many times as you like to see how the choices you select impact your outcome.

YouTube Fast Guides to Electives and Majors program provides great information about various college majors. This information includes interests and abilities useful in the major, possible careers, coursework, potential salaries, and more.

YouTube: Fast Guides to Electives and Majors

1. Go to www.acalltocollege.org
2. On the left navigation bar, click on "Helpful Links".
3. Scroll down to "Career Information".
4. Click on You Tube Fast Guides to Electives and Majors.
5. You can decide to watch the "Preview Episode" or select a major to explore.

CareerOneStop is a website created by the U.S. Department of Labor. It provides information about occupations you wish to explore. This site also provides information on where to go for the required education/training in your career interests.

CareerOneStop

1. Go to www.careeronestop.org and select “Explore Careers”.
2. Under “Occupation Profile”, type an occupation and location (like Ohio). Click on the search button. If the next screen provides you with several career choices, select the one that best fits your interest.
3. The occupational profile provides career description, on-the-job video, projected employment, education/training/experience needed (AND where to go to get this), potential salary, related occupations, and much more.
